

## Parish Pastoral Council

The Parish Pastoral Council, as a consultative body to our pastor, represents the entire parish and strives to listen to the Holy Spirit in trying to discern ways to:

- Unite parishioners, staff and clergy in a community of prayer, leadership, service, and pastoral planning
- Identify, lead, and steward the current and future needs of the parish and ascertain, with the pastor's approval, the direction of Sacred Heart.
- Encourage one another in our spiritual growth, in the understanding of our Catholic faith, and in our ministries to all our parish family whose members differ in heritage, background, lifestyle, age, and other human characteristics.

As leaders within the Sacred Heart community, we strive to model and reinforce behaviors which support one another, holding ourselves and each other accountable to serve proactively and humbly Sacred Heart's pastor and parishioners via collaboration, common respect, constructive feedback, and listening with open hearts, open minds, and grace.
